BUTTMAN PRISON BLUES

If you're wondering who the hell I am: My name is Christian Mann. I'm the General Manager of Evil Angel Video and *Buttman Magazine*. Look at the masthead of this magazine, and all the issues released since the summer of 2008, and you'll see me listed. I run the business side of John Stagliano's "smut empire." It's a dirty job, but someone's got to do it ... and well ... I love doing it. I love working for a guy I respect.

John and I have many things in common, but one stands out for the purposes of this column —like John, I was indicted on a federal obscenity rap. My case preceded John's by 20 years. I was indicted in 1990 at the young(ish) age of 28. I went to trial in the summer of 1991 in Dallas, Texas. For me, it went to the jury and it was 12 citizens tried and true that had my fate in their hands. I was facing anywhere from a year to 10 years in a federal joint if convicted. At the time, I had two young sons, ages 3 and 2. The jury came back with a not guilty verdict. Again like John, I caught a break or two and was acquitted. One little word — "not" — is all that separated me from a lot of Americans who are incarcerated by our government. Some of them should be incarcerated and some shouldn't be. The whole process seems arbitrary.

As a person, as a human being, I feel compassion for the people on the inside, whether they're guilty or not. I'm not the judge. If someone is paying their debt to society, they're still a person in my book. They should have certain liberties that even the state shouldn't take. I'm talking about the right to view this magazine. I'm talking about the right to read controversial literature. I'm talking about the right to be exposed to ideas

and formulate one's own opinion. I'm talking about the right to use this magazine to get off sexually.

Buttman Magazine gets a lot of letters, a significant number of which come from people that are incarcerated. The only judgment I make is that they're the lucky ones because some bureaucrat hasn't decided that this magazine should be kept out of reach of these inmates, lest they

brought to our society is that I helped thousands of prisoners get off sexually by making *Buttman Magazine* available to them, then I can still rest knowing I did a good thing in this life. I'm an agent of personal liberty for people whose liberties have been otherwise curtailed.

This issue of *Buttman Magazine* publishes in late June, just in time for America's Fourth of July celebrations.

I'm dedicating this to our readers who are incarcerated. May they be allowed some of their unalienable rights: life, (sexual) liberty and the pursuit of happiness. May we all remember to respect the rights of our fellow human beings.

One of my musical heroes, the legendary Johnny Cash, brought entertainment to Folsom Prison. He was proud of it. Dammit, if it was good enough for Johnny Cash, it's good enough for me and it's good enough for John

"Buttman" Stagliano... If you're doing time, do "good" time.

*Well, if they freed me from this prison,
If that railroad train was mine,
I bet I'd move out over a little,
Farther down the line,
Far from Folsom Prison,
That's where I want to stay,
And I'd let that lonesome whistle,
Blow my blues away.*

— Johnny Cash, "Folsom Prison Blues"

Christian S. Mann, General Manager, approximating a famous pose by Johnny Cash, Legend

get "ideas." What ideas? We don't publish illustrations showing "how to escape" or "how to make a weapon out of a soap bar." The only thing one could do with this fine magazine is get an idea about sex and art, which could lead to masturbation. If I were running a prison and I had to face a thousand men who have been locked up, I would feel better knowing that each one of them jacked off the night before and is feeling relatively relaxed. If I should die tomorrow and I have to consider that the only thing of value I

POWER PUSSY: COMPETITION REVEALS WORLD'S STRONGEST CUNT

Tatyana Kozhevnikova unofficially owns the World's Strongest Snatch by virtue of her record for "vagina weightlifting," according to British tabloid *The Sun*.

Kozhevnikova recently showed off her prowess on English TV in "The Body Shocking Show." She inserts a wooden egg into her "nest" and attaches weight to the egg. She contracts her muscles around the egg and lifts the weight.

The fortysomething Russian mother says it has taken her 20 years to develop such a powerful pussy. In 2009 she reportedly hoisted 31 pounds to set the vagina weightlifting record, though we don't know who keeps such records — according to *The Huffington Post*, there is no Guinness category for vagina weightlifting, believe it or not.

Kozhevnikova has been quoted as saying, "It's enough to exercise your vagina five minutes a day, ladies, and in just one week you'll be able to give yourself and your man unforgettable pleasure in bed."

To us that's way more impressive than any weightlifting, but of course we're left to wonder: Who holds the anal weightlifting record, and what extraordinary height of butt-fucking pleasure might she promise?

ANOTHER ARTICLE ON COCK SIZE... PNAS STUDY SAYS WOMEN PREFER **BIG PNIS**

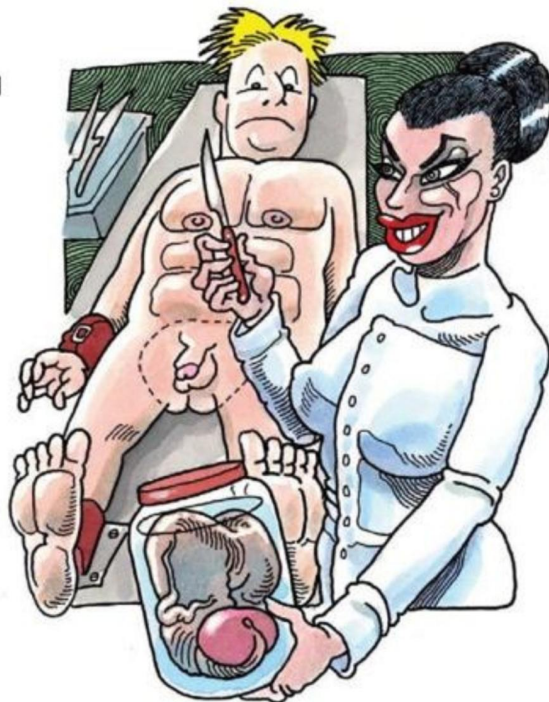

A new study released by the Proceedings of the National Academy of Sciences, or PNAS, seems to indicate that women prefer big penises.

"As past studies have shown, women prefer tall men with broad shoulders and narrow hips, like an Olympic swimmer. But when [Dr. Brian] Mautz controlled for those variables, it turned out that penis size (overall length and girth) was about as important as stature," reported NBC News on the study.

Mautz and his team at Canada's University of Ottawa showed pictures of "life-sized male figures" with flaccid dicks to 105 women. Not only were the attractiveness ratings for the larger-endowed figures higher, but the women also spent more time gazing at them, a sign they preferred looking at them, as opposed to figures with teenier wienies.

According to the study, "Penis size had a stronger effect on attractiveness in taller men than in shorter men. There was a similar increase in the positive effect of penis size on attractiveness with a more masculine body shape (i.e., greater shoulder-to-hip ratio). Surprisingly, larger penis size and greater height had almost equivalent positive effects on male attractiveness."

Yes, PNAS is a real scientific entity. Yes, their study seems to show that women consider limp dick size about as important as height when rating a man's attractiveness. Yes, limp dick size appears even more important if the guy is tall and has a good shape. (If you're short or out of shape, then, women may care less how you're hung.) And no, The National Organization for Study of Hyper-Intuitive Truths (NOSHIT) did not respond, "No shit."

UNDERGROUND PORN BONING IN PARIS CATACOMBS

The famed Catacombs of Paris are fast becoming a hot spot for porn shoots. Photographers, filmmakers, models and actors are being busted on a daily basis sneaking into its vaults for "art" sessions among its 6,000,000 human skeletons, according to Musée Carnavalet, which manages the historic underground caves.

The Catacombs were once a stone mine. Housing the remains of locals, the site became a tourist attraction after being opened to the public in the late 1700s.

Bosses at Musée Carnavalet say they are fighting a losing battle against the sex-minded invaders.

Every day, they say, they reject requests to film sexual clips on the premises — leading many to disguise themselves as tourists in hope of getting past the guards. A regular tourist to the caves told *Le Parisien*, "As soon as the coast is clear the girls strip off, the crew films without any fuss, and they leave, unseen and unnoticed." Well, not totally unnoticed...

All this has led to the creation of a crack "Catacombs Police Team" that will try to ward off the unwelcome fuckers. Yet a spokesman for the museum tried to play down the claims, saying the kinky visitors manage to slip into the caves "from time to time."

The Local reports that one artist to use the skeletons as a backdrop was U.S. photog Miru Kim, whose 2008 "Naked City Spleen" project featured an image of her naked on a pile of bones.

USED: ASS-TON MARTIN

British luxury carmaker Aston Martin objects to an "ad" circulating on the Internet and Twitter. The still photo and words seem to be advertising Aston Martin used, er, "pre-owned" cars. (Old Fords and Plymouths are "used"; luxury rides are merely "pre-owned.")

The supposed ad went viral because it's sexy and a little provocative: A photo shows a beautiful-legged babe in heels and a flimsy top leaning against a kitchen counter, her bare, little ass pointing toward the camera. The inscription on the photo says, "You know you're not the first, but do you really care?" above an Aston Martin logo. Get it? A pre-owned Aston Martin is like a hottie so sexy you won't mind her previous experience...

According to Internet reports, Aston Martin not only denies creating this "ad," they don't appreciate clever Internet jokesters using their logo. And it seems that the clever idea itself is "pre-owned" — it's shown up in an ad campaign for pre-owned (not used) BMWs. (On the viral joke with the Aston Martin logo, "PRE-OWNED" is misspelled as "PRE OWED" — write your own joke for that.)

If Aston Martin had the sense of humor to adopt the idea (and maybe clean up the spelling), it would make for some thrilling billboards. But *Buttman* readers would think the model a trifle under-endowed, so we present artist John Howard's version, customized for our sensibilities...

Legendary stud/new Evil Angel director Lexington Steele tames a bevy of seasoned sluts in "Lex Is a Motherfucker." Buxom MILF Lisa Ann worships his giant shaft until he spunks her face. Classic MILFs Julia Ann and India Summer team up to slurp and ride Lex to ecstasy.

The director says Lisa Ann qualified as the "signature" performer in "Lex vs. Lisa Ann" by virtue of her "overall popularity with fans" — he calls his star, "the most popular female talent in the world." So Lisa Ann and Lex Steele are in every scene, with sexual variations. "She has cultivated her brand in a way that demands the utmost respect," says Lex. "I just provided the stage for her to show why she is the greatest female performer of her generation."

Her spectacularly round booty makes stunning Alexis Texas perhaps the ultimate PAWG (phat ass white girl). Now "Evil Angels: Alexis Texas" gathers nine scenes from eight directors to reveal Alexis' talent for sensuous tease, passionate lesbian lust, hard-core fucking, extreme ass play, femdom face sitting and kinky SM solo action. Segments from "Buttman's Stretch Class 4," "Rocco's American Adventures" (with Rocco and Jenny Hendrix), Jay Sin's "Anal Buffet 5" (with Tori Black), Manuel Ferrara's "Fucked On Sight 2" (a POV scene with Manuel), John Leslie's "Big Ass Crackers" (with James Deen) and Belladonna's "Buttface" (with Bella herself) highlight a well-rounded "greatest hits set."

*Belladonna's Creative Partner
Gets His Name On The Box Covers...*

Q & A by Scott Small

The iconic pornographer/sex symbol had help making Belladonna Entertainment a worldwide erotic style maker. Her longtime co-director tells Buttman Magazine how his role has changed...

Q: What was your original function when you and Belladonna started collaborating?

A: She brought me on to shoot/edit her movies, create the promotional artwork and design/program and run her website. I was the technical force behind everything Belladonna Entertainment.

Q: How did your role in the creative process evolve?

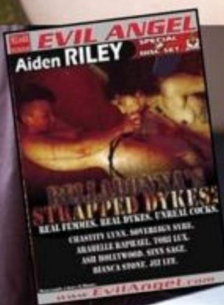

A: As time went on making movies every month, we both were coming up with creative ideas for the scenes. Some ideas were mine, some were hers and we just bounced them off each other. We used the ones we both liked and threw out the ones that didn't work for us.

Q: What's different now that Bella isn't always directly involved in creating your movies?

A: The only difference, albeit a very large one, is that Belladonna is just no longer involved in any of the technical or creative processes of making the movies. However, she did leave behind for me a little black book that she has been writing in for *years*. It contains all of her fantasies and ideas she's come up with for future movies... I kind of go off of that when I'm making the movies now.

Q: Do porn girls and XXX industry people look at you differently now that your name is on the box?

A: As I do not run around in the porn circles, I would say nobody treats me any differently. I've always been a major part of making the movies. I think maybe one or two porn girls said, "Congratulations" on getting my name on the box. Wait, maybe it was a fan...

Q: Do more people recognize you on the street and if so, what does that mean in your life?

A: I don't get recognized when I go to an adult convention, let alone on the street.
